SPRINGHILL DAHLIA FARM

A. T. Edison

R. F. D. 2, Grand Rapids, Mich.

Information

We are a certified member of the Dahlia Society of Michigan and as such are privileged to use the emblem of this Society. Buy **Michigan Grown** stock with confidence—display with pride. Your complete satisfaction is guaranteed at all times.

We are a member of American Dahlia Society, Dahlia Society of Michigan, and Virginia Dahlia Society.

Join a Dahlia Society

If you are not already a member, we urge you to join your local or State Dahlia Society. Your support is needed. If there is no Dahlia Society in your locality, join The American Dahlia Society—a national organization. Send Membership Application and \$2.00 annual dues to: C. Louis Alling, Secretary, 251 Court St., West Haven, Conn.

Michigan—The Great Dahlia Supply Market

Michigan is now recognized as one of the leading Dahlia growing States. Soil and climate conditions have proven ideal for the scientific culture of strong, healthy roots and green plants. We invite you to visit our gardens next fall during blooming time. Also plan to attend the huge Dahlia Show to be held in Grand Rapids, September 14 and 15, 1934. We will exhibit and be happy to greet you.

New Official Trial Grounds

Michigan State College, East Lansing, Mich., has been selected as an Official Trial Ground of the American Dahlia Society. Seedlings and new varieties will be tested and rated in the same manner as at Storrs. Further information and Entry Blanks can be obtained by writing Prof. C. E. Wildon, Michigan State College, East Lansing, Mich.

You are invited to attend

The First Annual Mid-West Dahlia Show

in combination with

The Eighth Annual State Dahlia Exposition

to be held September 14-15, 1934,

at Grand Rapids, Mich.

To Our Friends and Customers

We wish to thank our customers for the nice letters received telling us of their success with roots and plants they have had from us. Also for recommending us to their friends and flower lovers. Our catalogue will be sent to any of your friends upon receipt of their names and addresses.

The Honor Roll (Achievement Medal)

Winners and Blue Ribbon Winners lists of the last three years' introductions has taken considerable time and thought to get ready for my catalogue and I hope it will be of benefit and also be appreciated by my friends and customers. Nearly all the varieties in the list were grown in my gardens and are from good healthy stock. Some varieties I do not list roots as my stock is limited, but I will have good husky plants for sale of most all of these

varieties listed in this section ready for shipment from April 15th until June 1st. We are fully equipped to grow the best of plants, having a new 25 ½ x 50 ½ ft. King semi-steel greenhouse, also a new cool greenhouse to grow and harden up the plants before shipping. We guarantee safe delivery of the plants. Our early plants all had just as good roots in the fall as root grown plants did and earlier bloom and we recommend them to our customers. The plants should always be planted deeper than roots, from 6 to 8 inches deep, and the holes gradually filled in as the plants grow.

ORDER EARLY—As orders are filled in rotation—field-grown roots or thrifty plants if ordered. Ordering early will insure the reservation of varieties that later may be sold out.

SUBSTITUTION—Orders are filled with varieties called for, and unless substitution is asked, I never substitute.

TIME OF SHIPMENT—Unless otherwise ordered, tubers will be shipped between April 15th and May 15th, by express or insured mail at my expense, on all orders over \$2.00; under \$2.00 add 15c for postage. If Special Delivery or Extra Handling is wanted on plants, add 25c extra.

TERMS—Cash with order unless parties are known to me. No goods sent C. O. D. unless 50 percent of purchase price accompanies order.

REMITTANCES should be made by bank draft, post-office money order or registered letter. Postage stamps accepted up to \$2.00. Coin should not be sent by letter unless registered.

ERRORS—While my system for handling orders is as near perfect as possible, yet in the rush of business, errors are possible to occur, and I wish to be promptly notified of such and will at once make same satisfactory. Make all complaints to me, not to your friends, as we aim to please.

NAME AND ADDRESS—Remember to write your **Name**, **Postoffice**, **County** and **State**, also give **Street Number** or **P. O. Box** as plainly as possible.

CULTURAL DIRECTIONS

Dahlias are easily grown, requiring no special soil treatment or skill to bring them to perfection, but a little special attention will bring you greater satisfaction and exhibition blooms. Plant in sunny situation, although they will do nicely in partial shade.

Soil Preparation

Prepare the soil by deep spading; if soil is sandy a shovel full of well rotted manure may be incorporated with it; or bone meal, one-half pound to each hill, well worked in the soil, will be beneficial. Otherwise use little, if any, fertilizer before plants begin to bud. Add sand or coal ashes to heavy soil for drainage.

Planting

Drive a stake in each hole to support the plant. Lay tuber down flat with eye upward and close to stake, about five inches deep, and cover two inches with pulverized soil, gradually filling to level as plant progresses.

Disbudding

For extra large blooms, as soon as plants are large enough pinch out the top just above the second or third set of leaves; this causes the plant to branch. Then pinch off

all the buds except one and take off all the side branches on each of the main stalks, leaving the last two near the base of the stalks so when you cut your first flower you will have two canes to work on next. If tall plants are wanted, cut off all but one stalk and keep tied up to stake.

Cultivation and Fertilization

Cultivate well until buds appear, then stop all cultivation except light raking after rain or watering, just enough to break the crust of ground; only be sure and do this. Fertilizer may be used to advantage when the buds appear. Spread manure or the following fertilizers from 6 to 18 inches around the plants. For each ten plants use Rawbone Meal 1½ lbs., 4 lbs. sheep manure, and about 5 lbs. of unbleached wood ashes. Rake in well and water liberally. This is usually done about the 15th of August and will help to produce large blooms and good roots. A good liberal watering as soon as this is done will insure success. Unless weather is very dry and hot, do not begin watering until buds appear, then soak the ground thoroughly (not sprinkle) about once a week or ten days. Cut off all faded flowers with as much of the stalk as you can.

Insects

A good spraying of the plants and under side of the leaves with a pyrethum or nicotine spray will keep control of the insects. I prefer pyrethum as it does not burn the plants.

If bothered by cut worms or slugs, cut a piece of tarred paper 3 inches wide by 10 to 12 inches long, form collar and place around plant, 1 inch below and 2 inches above the ground. A good spraying of the plants early in the season will control insects.

Cut Flowers

For cut flowers, pick in the evening or early morning if possible; burn the ends of stems in any flame, or dip in boiling water for 10 seconds; after either treatment place in cold water and put in cool place free from draft until wanted. To restore wilted blooms, fresh water and cutting off the base of stems daily usually proves best. A little ice in the water also helps.

Digging and Storing

When frozen down in Autumn, cut stalks off at the ground and dig carefully so as not to break neck of tuber, for the eyes for next season's growth are only found where the tuber joins the stalk. Store same as potatoes where they will not freeze, shrivel or rot. Best temperature, 40 to 50 degrees. Turn the clump upside down to drain out any moisture that may start decay and when dried about two weeks I have best success packing them upside down in wooden boxes with a sheet of paper over top.

I am always pleased to answer any questions regarding Dahlia culture.

CLASSIFICATION OF DAHLIAS

Formal Decorative Dahlias (F. D.)

Fully double flowers, with the margins of the floral rays slightly or not at all revolute, floral rays generally broad, either pointed or rounded at tips, with outer floral rays tending to recurve and central floral rays tending to be cupped; all floral rays in a somewhat regular arrangement. For example, Sagamore, Jersey Beauty, Mrs. I. de Ver Warner.

Informal Decorative Dahlias (I. D.)

Fully double flowers, with margins of the floral rays slightly or not at all revolute, floral rays generally long, twisted or pointed, and usually irregular in arrangement. For example, Fort Monmouth, Jane Cowl, Barbara Redfern, Kathleen Norris.

Incurved Cactus Dahlias (I. C.)

Fully double flowers with the margins of the majority of the floral rays revolute for one-half or more of their length, the floral rays tending to curve toward the center of the flowers. For example, F. W. Fellows, Bearclaws Farncot.

Recurved and Straight Cactus Dahlias (R. C.)

Fully double flowers, with the margins of the majority of the floral rays revolute for one-half of their length or more, the floral rays being recurved or straight. For example, Ambassador.

Semi-Cactus Dahlias (S. C.)

Fully double flowers, with the margins of the majority of the floral rays revolute for less than one-half of their length. For example, Edna Ferber, Francis Lobdell, Sunkiss, Alice Whittier.

Peony Dahlias (Peo)

Long wavy petals, open centered flowers.

Ball Dahlias (Ball)

Perfect ball with short quilled petals.

Show Dahlias (Show)

Same as Ball but larger petals and over 2-inch flowers.

1934 Introductions Honor Roll Dahlias

Abbreviation H. R. after dahlia indicates an Honor Roll Dahlia.

LORD OF AUTUMN (Almy 1934), I. D.—A monster bloom declared by experts as one of the most wonderful yellow dahlias yet produced. Grows 12 x 9 inches and the long pointed slightly twisted petals recurve until the stem is completely hidden 8 or 9 inches. Held on cane-like stems. H. R. **Plants only, \$7.50**

GRANDEE (Bellag, 1934), I. D.—Nopal red, shaded orange yellow. Winner 1933 Am. Home Achievement Medal at San Francisco, and Largest Flower at California Flower Festival. Plants grow about 4½ feet tall and have four or five 12-inch blooms at once. Beautiful coloring. Good formation. First-class stems. **Plants only, \$7.50**

ELSIE LANDI (Cordes-Eastman), F. D.—Bright coral self color, very attractive, held on long straight stems well out of the foliage. Does not fade or burn. Prolific bloomer. Nine-inch flowers are thick, making it almost ball-shaped flower. **Plants, \$7.50**

- LOUISE BATES (Cordes-Eastman), S. C.**—A spectacular flower of the greatest diameter of any yet seen. Grows 8 to 10-inch flowers naturally and up to 14 in. by disbudding. Color mallow pink with phlox purple center. Certificate of Merit at Storrs. **Plants, \$7.50**
- MONMOUTH RADIANCE (Kemp)**—A beautiful dahlia with a color combination of light coral pink with primrose suffusion on rear half of the petals, giving the flower a brilliant coral pink front effect with deep primrose background that radiates throughout the flower and is beautiful from any angle. Grows 11 inches in diameter, with 5 or 6-inch depth. Plants 6 to 7 ft. Grows large flowers naturally and stems can be cut 4 ft. long.....**Plants, \$5.00**
- HILLCREST CINDERELLA (Scott), I. D.**—A giant bloom of cameo pink tipped cosmos, giving it a lavender shade. Strong grower and can be grown to 15 in. with a little special care.....**Plants, \$7.50**
- ORIENTAL GLORY (Delight-U Gardens), I. D.**—Winner of Am. Home Achievement Medal at Indiana Show, also Certificate of Merit at Storrs, Conn. Color is candium orange overlaid with scarlet. Center and reverse, heavily shaded scarlet. Fine formation; looks like balls of orange and is a strong grower and good bloomer. Fine stems**Plants, \$7.50**

ROLL OF HONOR DAHLIAS

Achievement Medal Winners and Other Blue Ribbon Dahlias of Recent Introduction

- ACHIEVEMENT (Ballay, 1932), I. D.**—A huge flower of gold with bronze shadings, petals curl and twist into a huge ball as deep as it is wide. Long sturdy stems, splendid for exhibition as it will easily grow from 9 to 12 inches, good keeping qualities when cut. (H. R.).....**Plants, \$0.75; Roots, \$2.00**
- AIKO (Dahliadel, 1932), S. C.**—Bloom 10 x 4½ in. This dahlia has been given the Japanese name "Aiko" as its color and form suggest the Orient. Something different in this new spectacular semi-Cactus. It is large and striking in color. Cardinal or deep carmine, with a silver reverse showing at the center and tips, make it unusual. Bushes are strong, open growers. (H. R.).....**Plants, \$1.00; Roots, \$2.50**
- ALLEN A (Angell, 1933), I. D.**—A very large, beautiful white with lilac shadings; base of petals show a slight trace of Martins yellow. Has good stout stems and profuse bloomer; scored 84 at Trial Grounds, Storrs, Conn.**Plants only, \$2.50**
- AMELIA EARHART (Cordes Eastman, 1933), S. C.**—One of the greatest prize winners to date: Won two Home Achievement medals the first year shown and many first prizes 1933. Very large, artistically formed combination of apricot buff, with primroses at the base of the petals. Tints and sometimes stripes of salmon throughout the flower. (H. R.)
Plants, \$5.00; Roots, \$10.00

- AMERICAN LEGION (Nuneviller, 1932)**—Bloom, 12 x 7 in. Winner at Atlantic City of the Am. Home Sweepstakes Medal, The Auditorium Gold Medal for the best undisseminated seedling, and The Honorary President's Gold Medal given by Mrs. Charles H. Stout for the best seedling of Jersey origin. In Camden it won the largest bloom class. Color, bright yellow and is held on good stems. (H. R.).....Plants, \$1.50
- ANDREA ERICSON (Fisher & Mason, 1931), I. D.**—Made good in all parts of this country as well as in foreign countries; PURE WHITE exhibition dahlia. The huge flower is composed of broad oval petals with pointed and slightly twisted tips, which give the flower a fluffy appearance. (H. R.).....Plants, \$0.75
- ASBURY PARK (Wood-Burpee, 1931), F. D.**—Color, strawberry red, shaded salmon and old gold, making in general a copper-salmon effect. Blooms are well-built, held above the foliage on strong stems. Bush a robust grower, not troubled with insects. (H. R.)
Plants, \$0.75; Roots, \$1.50
- BAGDAD (Redfern, 1931), I. D.**—A flaming scarlet-red at last, and never in any dahlia have we seen such vivid Color. It is a beautiful flower. (H. R.)....Plants, \$0.75
- BETTY COLTER (Success, 1932), I. D.**—A most charming introduction that has caused favorable comment from many of the most prominent judges in the East. One of our favorites among the new dahlia. The color is distinctive and pleasing, an even shade of light salmon red throughout, shading to old rose at base of the long rolled petals. The flower is nicely formed on good stems. This variety should appeal to those who like something different in their garden. (H. R.)
Plants, \$1.25; Roots, \$3.00
- BUCKEYE BRIDE (Golden Rule, 1932), I. D.**—Geranium salmon pink. The best cut flower of them all. 3 ft. stems. (H. R.).....Plants, \$0.60; Roots, \$1.25
- BURR McINTOSH (Burch, 1933), I. D.**—A large, fine primrose yellow, held on long stiff stems high above the foliage. Flowers from 8 to 10 in. without debudding.....Plants, \$1.50; Roots, \$3.00
- CAPTAIN COSTE (Curran-Waite)**—A big flower on extra long stems, bright clear wax like gold. A large, wide flower and an impressive dahlia, worthy of the name of the French hero aviator (H. R.)..Plants, \$1.00
- CARDINALIS (Jas. Kennedy, 1931), F. D.**—Large, attractive flower. True to its name, this dahlia is a brilliant cardinal red. An upright grower with good long stems. (H. R.).....Plants, \$0.75; Roots, \$1.50
- CHAMPOEG (Crites, 1932), I. D.**—Most beautiful of the recent introductions. The ground color of the petals being a lemon yellow with a suffusion of deep rose pink, as though an artist had delicately brushed each petal. Free flowering early, and has stiff stems. (H. R.).....Plants, \$0.75; Roots, \$1.50
- CHARLES G. REED (Success, 1931), I. D.**—A glowing dark red with a purple tone, a red that blends with other reds and purples and gives a bright tone to the whole combination. Large exhibition flowers, produced on long stiff stems. (H. R.).....Plants, \$0.80
- CHIEF JUSTICE (Sampson, 1932), I. D.**—A monster flower on cane-like stems that are long and hold the giant flowers erect. Color, soft chamois, with soft rose suffusion. A fine exhibition variety....Plants only, \$2.00

- CROYDON (Brand-Kemp, 1932), I. D.**—One of the largest and best new pure whites for exhibition. 10 to 12 in. flowers. Strong stems hold flower well above the foliage.....Plants, \$1.00; Roots, \$2.50
- DOROTHY STONE (F. & M., 1931) I. D.**—This is a beautiful rose pink exhibition flower. The stems are good and the large blooms are produced quite freely. (H. R.).....Plants, \$0.50; Roots, \$1.00
- DWIGHT MORROW (Dahliadal, 1931), I. D.**—A gigantic cardinal red dahlia much admired by visitors for its rich color. (H. R.).....Plants, \$1.00; Roots, \$2.00
- EAGLE ROCK FANTASY (Broomall Success, 1931) I. D.**—Clear mallow pink of great size and depth. One of the finest introduced in 1931. (H. R.)
Plants, \$1.00; Roots, \$2.00
- EAGLE ROCK PEACH (Broomall Success, 1933), D.**—Large deep rose pink with size and beauty combined and good stems. Variety should be planted early. (H. R.).....Plants, \$3.00; Roots, \$7.50
- EAGLE ROCK PRINCE (Broomall Success, 1933) F. D.**—Rich and distinctive. Color yellow ocher with back of petals jasper red, giving it a coppery sheen. Fine plants; prolific bloomer, held on good stems. (H. R.)
Plants only, \$2.50
- EAGLE ROCK SUPERBA (Broomall Success, 1933), D.**—Nearest color, amaranth pink, but more attractive color. Large, perfect flower, held erect on strong stems.
Plants only, \$2.00
- EAGLE ROCK WONDER (Broomall Success, 1932), S. C.**—A monster flower of tawny orange, flushed with gold and salmon to pure gold at center. Strong bush; good bloomer. (H. R.).....Plants, \$0.75; Roots, \$1.50
- EXQUISITE (Almy), I. D.**—A delicate lemon yellow, shading to cream at the tips of petals, with slight pink suffusion. The petals are long and pointed and center always closed. Wonderful keeper, of good exhibition size and held on good stems.....Plants only, \$2.00
- F. J. MARCH (Bessie Boston)**—Semi-Cactus. This is one of the good ones from California. The color is a beautiful silvery lavender. It is a very free bloomer and the stems are very good.....Plants, \$0.75; Roots, \$1.50
- FRAU O. BRACHT (Berger), F. D.**—A Holland variety. Distinctive form and clean cut. The color is clear pale primrose, very clean and graceful in effect. (H. R.)
Plants only, \$1.00
- GABRIEL (Ballys), S. C.**—Carmine pink, or what might be termed "water melon." This variety is an early and free bloomer, and the blooms are really spectacular. Very large and deep, they lead the garden in interest in the early season.....Plants, \$0.80; Roots, \$1.75
- GIRL OF HILLCREST (Scort, 1932), F. D.**—Bright mikado orange, one of the best of its color. A strong grower and great favorite. (H. R.)
Plants, \$0.75; Roots, \$1.50
- GOLDEN GOBLIN (Goodacre), I. D.**—A rich gold of perfect formal type. Good large blooms, not over size. A grand flower, on good stems, and every one should have it.....Plants, \$0.50; Roots, \$1.00
- GOLDEN HARVEST (Success, 1932), S. C.**—A striking variety of a beautiful surplus yellow color with no shadings. Grows large and looks like a huge chrysanthemum. (H. R.).....Plants only, \$1.25

- GOODNIGHT (Broomall Success, 1931) I. D.**—We find in this variety a monster in size and the rich color of oxblood red shaded maroon; is the greatest attraction in the garden and in the show room. A sure winner. (H. R.).....Plants, \$0.75
- GOV. MORGAN F. LARSON (Lyndora Gardens, 1931) I. D.**—Clear golden yellow with apricot suffusion on reverse. (H. R.).....Plants, \$0.60; Roots, \$1.25
- GRACE CURLING (Stredwick, 1931), I. D.**—A glorious decorative of very large size, imposing and beautiful in form and color. The latter is white at base, then changing to lilac pink and rose. Huge broad florets, bluntly tapering and tastefully notched at tips. No bisbudding or trimming to have equally as large blooms at the end of the season as when they first bloom. Perfect stems. (H. R.).....Plants, \$0.50; Roots, \$1.00
- HELEN IVENS (F. & M., 1931), F. D.**—Orchid-lavender. Blooms very freely; has good stems. (H. R.)
Plants, \$0.50; Roots, \$1.00
- IMPERIAL PINK (Lyndora, 1931), I. D.**—A most gorgeous pink with primrose shadings toward center. (H. R.).....Plants only, \$0.75
- INDIANA MOON (Martin, 1932), I. D.**—This variety has won many first prizes in the Middle West, where it was originated. It is a good dahlia in every way and grows without any forcing up around 10 inches and the blooms are held erect on long, stiff stems. The color of this variety is difficult to describe as there are so many colors in its makeup. The Trial Garden describes it as flesh ochre with faint lines of spinal pink running through some of the petals. (H. R.)
Plants, \$1.00; Roots, \$2.00
- JANET SOUTHWICK (Chapman, 1932), I. D.**—Bright burgundy red and a color gem of actual beauty. (H. R.).....Plants only, \$1.25
- JEAN KEEFER (Keefer-Kemp, 1932), I. D.**—Brilliant rose pink, 8 and 9 in. 4-6 deep, held on long wiry stems 3-4 ft. long. (H. R.).....Plants only, \$1.00
- JEAN TRIMBEE (Trimbee), S. C.**—New large, long petaled, thick flower of Petunia violet. Tall strong grower. Good stems. (H. R.).....Plants, \$0.75; Roots, \$1.50
- JEROME KERN (V. & M., 1933), I. D.**—A graceful, clean cut beauty. Color shrimp pink with tints of gold and bronze. A great prize winner. (H. R.)
Plants only, \$3.50
- JERSEY'S MAJESTIC (Waite, 1933), I. D.**—A naturally large growing flower. Color a pleasing blend of salmon, old gold and rose. (H. R.).....Plants only, \$2.50
- JERSEY'S MELODY (Waite, 1932)**—Semi Cac. Tyran rose, shading to silver tips. with silver reverse. A very striking variety held on stiff stems. (H. R.)
Plants, \$1.00; Roots, \$2.00
- JERSEY'S TRIMPH (Waite), F. D.**—A seedling of Jersey's Beauty, whose color is bright copper flushed with salmon bronze. (H. R.).....Plants, \$0.50; Roots, \$1.00
- JIM MOORE (Loller, 1931), I. D.**—Golden yellow suffused pink. A large flower with a good stem held well above the foliage when properly grown. (H. R.)
Plants, \$3.75; Roots, \$1.50
- JOSEPHINE G. (Grosscross Ruschmohr, 1932), S. C.**—True rose pink petals tipped pinhead yellow. Unusual bloom formation. (H. R.).....Plants, \$0.50; Roots, \$1.00

- KATHERINE COLE** (McDowell Waite, 1931), F. D.—A combination of beautiful pink, shading to cream, with a pink center. Flowers of extreme beauty are carried high above foliage on a long, leafless stem. Free bloomer. (H. R.).....Plants, \$0.50; Roots, \$1.00
- KATHLEEN NORRIS** (F. & M.), I. D.—The greatest pink dahlia to date. Color a true rose pink, later deepening to mallow pink, but paler in the young central petals. Tall, strong grower. (H. R.)
Plants, \$0.50; Roots, \$1.00
- KAWEA** (Menssdorfer, 1932), I. D.—An enormous dahlia, one of the largest grown—16 in. flowers in 1933 show. It is a rich fuchsia rose with bronze shadings and flushes of mauve on the reverse. (H. R.)....Plants, \$2.50
- KENTUCKY RED** (Whites D. G., 1932), I. D.—A large flaming red that does not fade or burn. Very attractive. (H. R.).....Plants, \$1.00
- LA FIESTA** (Cordes Eastman, 1933), I. D.—A most distinctive dahlia and prize winner, with petals that curl and twist so the flower looks like a huge chrysanthemum. Color, buttercup yellow, pencilled red. Fine strong stem holds flower well above the foliage. (H. R.).....Plants, \$2.50; Roots, \$5.00
- LONGHILL, I. D., 1932**—Yellow shaded with buff, scored 85 at Storrs under the name of Ida Chase.
Plants, \$2.00
- LORD LAMBOURNE, F. D.**—One of the largest of the formal decorative type dahlias, originated in England. Color is a harmony of the sunset colors of pink and gold. Notwithstanding the size of this flower, it is in nowise coarse. Stems are rigid and hold flower well out of the foliagePlants, \$0.75
- MABEL S. DOUGLAS** (Thompson-Waite)—Color is a clear pastel lavender with orchid lights. One of the most exquisitely beautiful Dahlias ever produced. Flower is of huge proportions, stem is like a cane and long. A wonderful exhibition Dahlia.....Plants, \$1.00
- MARY BAKER** (Wickersham, 1932), I. D.—A gorgeous golden yellow of beautiful formation. The flower is star shaped and of great size. The stem is all that can be desired. This was one of the fine yellows in my garden last season and always large.
Plants, \$1.25; Roots, \$2.50
- MARY ELLEN** (Loller, 1932), I. D.—Color a violet rose with more pink than lavender. Flowers very large and an achievement medal winner. (H. R.)
Plants, \$0.75; Roots, \$2.00
- MRS. STANLEY R. PERRY** (Bissell, 1932), S. C.—Massive flower in size and depth and heavy bloomer. Stems are very stiff and from 3 to 4 ft. long. Color, deep orange. Base of petals chrome yellow, with trace of carmine at tips of petals.....Plants only, \$3.00
- MEADOWBROOK** (Bryanton, 1932), F. D.—Light mallow purple with edges of mallow pink. Prolific bloomer and can be grown very large. Held on good strong stems. (H. R.).....Plants, \$0.75; Roots, \$1.50
- MURPHY'S MASTERPIECE** (Murphy & Reed, 1932), I. D.—Immense dark red that can be grown to 15 in. and a great prize winner. (H. R.).....Plants only, \$3.50
- MYRA HOWARD** (Glutzbach Dahliadel, 1932), I. D.—The color is a glowing combination of saffron yellow with tints of salmon, the entire effect being ochraceous orange. Winner of Am. Home Achievement Medal at New York.....Plants, \$1.50

- NANCY CARROLL (Locust Valley Dahlia Farm), S. C.**—Named for the celebrated actress and color is same color as Nancy Carroll's hair, a golden copper buff. Grand novelty on long stems and has been grown to 15 inches.....**Plants only, \$1.00**
- NEW GLORY (Troste, 1932) S. C.**—One of the most attractive dahlias in the garden. Oxblood red with tips of white, few flowers come all red. Good stem size and formation.....**Plants, \$0.50; Roots, \$1.00**
- OMAR KHAYYAM (Stout), F. D.**—This much admired dahlia is unusual coloring, a Chinese red at the base of petals, shading to bright orange and tipped lighter, making a wonderful color effect. It is a tall healthy grower with strong foliage and incidentally a good root maker. (R. R.).....**Plants, \$0.75; Roots, \$1.50**
- ORINDA (Newberry-Fraser, 1931), F. D.**—This dahlia has the tallest, most vigorous bushes, the longest stems and flowers. The color is rosaline purple, one shade darker than Mrs. Ide Ver Warner.
Plants, \$0.75; Roots, \$1.50
- ORIENTAL BEAUTY (Barker, 1931)**—Bloom, 7 x 4; bush, 6 ft. This variety has won considerable in the East. The color is a bright rose pink of a slightly deeper tone than Delice. Petals gracefully curl and twist, making in all a very artistic and useful flower. (H. R.).....**Plants, \$0.60; Roots, \$1.25**
- PALO ALTO (Ballay, 1933), S. C.**—One of the sensations of 1933. Salmon in two tones and bright pinkish salmon throughout the flower, but shading quite perceptibly to a sort of salmon gold at the center. It is a perfect dahlia and grows 10 to 12 in. by 6 in. deep; good bloomer and held high on long stiff stems. One of the highest scoring dahlias on the H. R.
Plants only, \$5.00
- PANSEY G. WHITE (White, 1931), I. D.**—Pale greenish yellow. Tips of outside rows a sulphur yellow, stiff heavy stems, thick flowers face the sky. (H. R.)
Plants, \$0.75; Roots, \$1.50
- PENN CHARTER (Hall, 1931), F. D.**—Bloom 10x5 in. A strong grower. Blooms have great depth and beauty. (H. R.).....**Plants, \$0.50; Roots, \$1.00**
- PRINCE OF PERSIA (Newsom, 1932), I. D.**—A very striking bright red exhibition dahlia of the most iridescent rich-glowing crimson. The petals are of great depth and substance, making an unusually deep, attractive flower. Bush is vigorous, robust and very tall. This dahlia attracted more visitors' attention than any other in my garden in 1933. (H. R.)
Plants, \$1.00; Roots, \$2.00
- RAY WARNER (Peacock, 1933), I. D.**—A beautiful bloom of pink, two shades brighter than Jersey Beauty. It has long pointed petals and a full center. Early heavy bloomer that grows large by disbudding.
Plants only, \$2.50
- ROBERT EMMENT (Moroney-Dahliadel, 1933), I. D.**—Scored 87 at Storrs; flower 9 x 4. A grand new velvety cardinal red dahlia of giant size and beauty. Good open grower with dark green insect resistant foliage and held on long stiff stems. One of the finest in the garden. (H. R.).....**Plants only, \$3.50**
- ROBERT E. LEE (Peacock, 1931), S. C.**—Brilliant glowing red that does not fade or burn. Fine petals and form and good size. (H. R.)..**Plants, \$0.60; Roots, \$1.25**

- ROSIANA MEHEFFEY, 1932, I. D.**—A beautiful new tyran pink that all admire. Grows large 9-10 in. without disbudding or pruning. Fine strong stems hold the flower erect.....Plants, \$1.00; Roots, \$2.00
- RUDY VALLEE (Broomall Success, 1931), S. C.**—One of the most beautiful large dahlias ever offered. When the flowers begin to open they show chrome yellow at center, with a graduation of grenadine red as the flower expands, finally becoming solid grenadine orange red when in full bloom. Flowers, large to very large, full centered, and are held well above the clean-cut foliage on long straight stems. Plant 5 to 6 ft. high. Growth vigorous. Scored 86 at Storrs.
Plants, \$1.00; Roots, \$2.00
- SAGAMORE PRINCE (Dr. Shattuck, 1932), F. D.**—Carmine blended with rose red, reverse of petals almost cream. Fine for baskets when cut from 7-9 in. Fine keeper; very attractive. Received Certificate at Storrs.
Plants, \$1.00; Roots, \$2.50
- SANTA BARBARA (Pelicano), F. D.**—The color of this lovely dahlia is an intense clear pink with a suggestion of a suffusion of salmon pink. The big flowers are held high above the foliage on stems stiff as canes. Winner of Home Achievement three years at San Francisco.
Plants, \$1.00; Roots, \$2.00
- SATAN (Ballay-Success, 1933), S. C.**—Flaming red with a touch of gold at the centers. This big bold flower is held high on cane-like long leafless stems and the horn-like petals are perfectly rolled and incurved, giving it an unusual brilliance that is very fascinating. Strong, vigorous grower; very large and Gold Medal winner. (H. R.).....Plants, \$2.00; Roots, \$5.00
- SHAHRAZADE (Newsome, 1932), I. D.**—Another remarkable shade of bright pink simialr to but deeper than the old "Delice." The form and size resemble Jane Cowl and the bushes are also vigorous. (H. R.)
Plants, \$0.75; Roots, \$1.50
- SNOW CAP (Frasier, 1931), F. D.**—Very perfect petaled snow white of good size. Fine grower and good stems.....Plants only, \$1.00
- STAR OF BETHLEHEM (Darling, 1931), S. C.**—A star-like bloom of pure waxy white. Good size, good long stiff stems. (H. R.).....Plants, \$0.60; Roots, \$1.25
- TERCENTANARY (Heaphy, 1933), S. C.**—One of the finest yellows on the market. Long petals rolled to the tips. Perfect blooms; are large and thick.
Plants only, \$2.00
- THE COMMODORE (Scott Kemp, 1932), I. D.**—Very large bright lemon yellow and prolific. Can easily be grown 12 in. or more. Not a tall grower, 4 to 5 ft., but strong plants. (H. R.).....Plants, \$0.60; Roots, \$1.50
- THOS. A. EDISON (Dahliadel, 1931), F. D.**—A wonderful dahlia of stag horn petalled formation and a gorgeous royal purple color. Very attractive and good bloomer; fine stiff stems. (H. R.)
Plants, \$0.50; Roots, \$1.00
- WATCHUNG SMOKE (Smith, 1932), I. D.**—A giant big flower and the most unusual color among the new dahlias at New York. The name is really unfair, for the color is not cloudy, as it suggests, but a very clear and attractive pink flushed w ith silvery gray. The reverse of the petals shows a rose-red, giving the flower a fine warmth of color. The petals are arranged a bit regularly for an informal classification, but those at the back of the flower show a decided roll. (H. R.)
Plants only, \$1.50

A Corner of Our Show Garden

Visitors Welcome

Show Gardens, Corner Walker and Peach Roads, 2 miles
north of West Leonard St., City Limits

WACHTUNG WONDER (Smith), D.—This is a giant
Decorative, possessing a strong, vigorous habit, the
color being crimson, sometimes tipped with gold.

Plants, \$1.00; Roots, \$2.00

W. H. T. (McCarroll, 1931), F. D.—Rich old rose on
begonia rose with shades on the reverse of petals. It
is a tall, robust grower, producing big flowers on strong
stems. Plants, \$0.50; Roots, \$1.00

WHITE GOLD (Blamer, 1932), F. D.—A beautiful
flower in white shading to primrose yellow at the base
of the petals, reverse white, veined yellow. An extra
prolific bloomer. (H. R.).....Plants, \$0.75; Roots, \$1.50

W. H. WAITE (Boston, 1932), S. C.—Shell pink show-
ing little cream at center. One of the good large new
pinks that is beautiful and artistic.

Plants, \$1.00; Roots, \$2.00

WHITE WONDER (Kemp, 1933), I. D.—The largest
fluffy white to date. Long graceful wavy petals and
easily grown from 10 inches up. Strong plants and
long stiff stems. (H. R.).....Plants, \$3.00; Roots, \$7.50

WILL ROGERS (Eastman), F. D.—A beautiful blending
of lavender and white that attracts attention at once.
Flowers large, held well above foliage on good stems.
Plants only, \$1.00

Observations in My Gardens in 1933

Just a mention of some of the visitors' favorites:

I think Prince of Persia was the most popular and attracted the most attention, as they all grew about 6 ft. high and the blooms were 10 x 6 in. and held high to the top of the bush on strong stems and had such a wonderful different shade of red.

New Glory was another, as it had bi-color blooms of oxblood red, tipped white, and some solid colored blooms of oxblood red at the same time.

Indiana Moon was wonderful, also, with huge blooms held high above the foliage on long, stiff stems.

Grace Curling, a large flower of delicate lavender, and having cleft petals, was the favorite of the lavenders and the ladies' favorite.

Kemp's White Wonder received a lot of attention on account of its mammoth size and vigorous growth.

Snowcap, a new white formal decorated, was of good size and perfect formation; and Star of Bethlehem, although not quite so large, but a semi-cactus of purest white of star-like appearance, was picked out for bouquets or flower baskets. Champoege always came fine. Kathleen Norris still is holding its own as one of the best pinks and grows large without special attention. Marshall's Pink was a favorite of the pinks for cut flowers.

The Salmon Pinks—Buckeye Bride came first on account of its beautiful color and extra long stems, and Kentucky came next.

Rudy Vallee had beautiful semi-cactus flowers of large size. Mary Baker was one of the outstanding yellows, always large and a constant bloomer. My plants of Amelia Earhart, Palo Alto and La Fiesta were a little late but made wonderful growth and had large flowers from September 15th on until frost. Many other of the newer varieties that were fine are as follows: Good-night, Shahrazade, Gabriel, Murphy's Masterpiece, Mabel Douglas, Orinda Jean Trimbee, The Commodore, Achievement, and City of Trenton. Of the older varieties that still hold their own were Jersey Beauty, Siskiyou, Rose Fallon, Sanhican's Peach, The Lemonade, Brocton Beauty, and Dad.

Every one should have a few pom poms for table decorations or bouquets as they have such wonderful form and keeping qualities. The best bloomers and growers were Achilles, Little Edith, Elizabeth, Kitty C. Bronze Beauty, Johnnie. Yellow Gem, Pothart, Phyllis, Joe Fette, Spy, and Sunset.

Mignons or English Bedding Dahlias are long stemmed singles and are also fine for table decorations or wall vases. We use them for borders as they are low growing bushes and can be planted close together.
